Election/Restrictions

6. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 24-64, drawn to antibody that binds specifically to SEQ ID NO: 3, ATCC # 207180, pharmaceutical composition and kit, classified in Class 424, subclass 130.1.
 - II. Claims 24-64, drawn to antibody that binds specifically to SEQ ID NO: 16, ATCC # PTA-225, pharmaceutical composition and kit, classified in Class 424, subclass 178.1.

Art Unit: 1644

III. Claims 65-70 drawn to a method of making antibody, classified in Class 435, subclass 70.21.

7. The inventions are distinct, each from the other because of the following reasons:

Groups I-II encompass separate, distinct and unique products. These antibodies are drawn to materially different epitopes derived from human and mouse GPVI polypeptides with separate SEQ ID NOS which differ with respect to their amino acid composition, and physiochemical properties. A person of ordinary skill in the art would not envision one in view of the other. Therefore, they are patently distinct.

Groups I/II and III are related as products and methods of making said products. In the instant case, different methods, phage displays, as well as hydridoma as claimed can make the antibodies. Therefore, they are patently distinct.

8. Because these inventions are distinct for the reasons given above and the search is not co-extensive and divergent subject matter, restriction for examination purposes as indicated is proper.

9. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.

10. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
